TELMA FRENTEKNIK STAND

Telma & Frenteknik invited VT and VC Valeo colleagues to present their innovative products

ANADOLU ISUZU

Novo ultra with AD 50-55 option

Mrs Figen Saçık from Frenteknik happy for this Turkuaz with AC 50-80 sold during the show

Turkuaz VIP with AC 50-80 sold during the show

BMC

Hawk exported to France with ZF6HP

Despite all our effort BMC buys low price only.

In case of electromagnetic retarder Frenelsa is the supplier

OTOKAR

Doruk Euro4 known as Vectio in Europe.

Both with Telma FV 61-40 in standard and awarded best Midi Coach

Long Term Agreement signed with Otokar including Telma single source for EMR

New producer for local and low cost markets

For price reason Frenelsa will be replaced by Klam

Frenteknik is in negotiation to start Telma deliveries on Sprinter

This body builder works mainly for German market

Minibus Prestij Euro4 with AD 50-55 in option

Negotiation in progress with Temsa for a Long Term Agreement
